***Claim Rejections - 35 USC § 103***

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 10-13 are finally rejected under 35 U.S.C. 103(a) as being unpatentable over Gaona et al. in view of Bisbal et al (US 6,328,158) or Adlerstein (US 2,517,757) and Official Notice. Gaona et al. discloses a tool carrier adapted for resting on the top of a stepladder. The tool carrier comprising a generally rectangular top panel and a skirt. The front and back panel are planar on its surface. A plurality of tool receiving pockets is carried on the skirt. A handle is connected above the top panel.

Gaona et al. lacks a frame structure as recited in claims 10, 11-13. However, Bisbal et al teaches a display device with an internal frame 31 to support an outer cover. Adlerstein also shows an internal frame 17 within the cover. It is also known in the art to provide an internal frame with the frame members attached to the panels. Hence, it would have been obvious in view of Bisbal et al, Alderstein and Official Notice to provide internal frame members within a cover to provide a stronger carrier and to support the carrier on a surface.

***Allowable Subject Matter***

3. Claims 1-2, 4-9 and 20 are allowed.

Art Unit: 3728

4. Claims 14-15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

1. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
